## High School Fare Problem Waiting on County Counsel Says Pasadena School Board

**Other Communities Said to Oppose Policy as  
Proposed to Give to Sierra Madre Pupils  
Facilities Equal to Rest of District**

"What about the high school car fares?" That is the question Sierra Madre people are asking and their question is being repeated by the members of the Sierra Madre school board. But so far the question, when directed to the Pasadena school board brings back nothing much but an echo of the original question for an answer.

The school trustees, R. S. Jensen, J. O. Smith and Mrs. Fletcher White, have made repeated efforts this summer to get the Pasadena school board committed to a definite policy. As the time approaches when the students will again be starting to school, the trustees are insisting on an adjustment so that patrons of the high school living in Sierra Madre can make their plans accordingly.

The Sierra Madre school trustees and high school patrons feel that they are asking nothing but what is their right. Sierra Madre people are assessed for high school upkeep the same as Pasadena and the outlying districts which belong to the Pasadena high school district. Their high school pupils pay a much higher car fare than do those living in Pasadena, while some of the other outlying districts get free transportation. It is only asked that these inequalities be removed.

It has been against the policy of the Pasadena board to provide transportation for any district which is served by a common carrier. The Sierra Madre pupils, therefore, pay a round trip rate of 14 cents daily, while pupils living in Pasadena have the benefit of a 6-cent daily fare. Sierra Madre is not asking for free

transportation, but merely that the district pay the Mhmfwyp mfwym district make up the difference between these fares.

### Dr. West's Statement

In an effort to find what, if any, progress had been made on the problem, the News consulted Dr. John F. West, city superintendent of Pasadena, yesterday. Dr. West said the Pasadena board of education is trying to formulate a policy which will apply equitably to all districts outside of Pasadena city. The policy discussed and which seems likely to be adopted, will provide that all outlying districts will pay the same rate for transportation of their pupils as the Pasadena pupils pay, the balance to be made up by the high school district.

This policy is the same as has been requested by Sierra Madre. It is said to be meeting with considerable opposition in districts which have been provided with free transportation in the past. This, perhaps, accounts for the delay which has aroused many of those who are interested in the matter.

Both Dr. West and Mr. Lehrbach, business manager of the Pasadena schools, have been urging the Pasadena board to settle upon a definite policy at the earliest possible time. It is explained that the board is now waiting for a new opinion from the county counsel on some point of law or procedure. A decision was given to the Pasadena board some time ago to the effect that under the law it could pay all or any part of the transportation costs of pupils. A more complete statement on some points at issue is now being sought.

## New Houses Started Here During July

More new dwellings were started in Sierra Madre during the month of July than during any other month since October, 1924, according to the report of Building Inspector A. M. Udell. Ten new dwellings were begun in July with a total valuation of \$42,100. To this was added additions on seven others to the amount of \$6,050. Permits to the extent of \$600 were taken out for garages, making a total of \$48,750 for the month's building record. The permits for the month follow:

T. H. Flather, 292 E. Alegria	\$10,000
L. Karpf, 375 E. Grand View	3,000
Wm. Frederick, 195 San Gab.	200
E. F. Happy, Ramona Ave.	2,000
Mrs. Fitz Williams, Orange Av.	6,500
Ralph Solury, 165 E. Central	400
W. O. Preston, 503 W. Mira	4,000
Monte Ave.	4,500
Ole Hanson, Keys Tract	4,500
Mrs. Marie Watson, 283 West	800
Laurel Ave.	800
D. Hollister, Marlborough Ter.	5,000
W. J. Ladd, 282 Mariposa	300
E. L. Schneeberger, 282 Mariposa	3,000
E. E. Anderson, 388 N. Sunny	1,000
side Ave.	300
T. J. McBurney, Canyon	400
Max Kaufman, 313 N. Lima	400
M. A. DeTemple, 265 Mariposa	75
E. D. Burbank, 42 E. Carter	1,400
W. F. Thayer, 197 W. Montecito	375
E. H. Croft, Fairview Ave.	500
E. R. Bartlett, Keys tract	5,000

## Observations

By G. B. M.

The unexpected receipt of an order for immediate publication of that long notice of the board of supervisors concerning the proposed county sanitation left neither space nor time for observations this week, not even by staying up till 2 g.m. this morning. "See you next week." In the mean time, if you have thought the subject matter appearing under this heading a little dry, you might try for a change that notice beginning on page 7 of this issue.

### ONLY A LITTLE HANDICAP

A colored citizen who had been unwisely exploring foreign chicken coops heard that the sheriff was aiming in his direction. Hastily he sought the railroad station and asked the agent to give him a ticket to the end of the line on the fastest train.

"Our fastest train left just ten minutes ago," replied the agent.

"Well," gasped the would-be tourist, "Jes' gimme de ticket an' p'int out de track."

## Dietz Files Charges Of Misconduct

The charges against Water Superintendent Tom Henderson filed with the city trustees by L. Dietz, auditor of the water department, will come up for hearing on Wednesday, August 12, at 2:30 o'clock. The board of trustees met Tuesday night for the purpose of setting a time for the hearing. The question of an open or a closed hearing was left to Mr. Henderson. He said there was nothing he cared to conceal in any way and would welcome an open hearing. These sessions will accordingly be held in the Park House and will be open to the public.

The charges of City Clerk Dietz were contained in a letter presented to the board of trustees last week, which was as follows:

July 23, 1925

To the Honorable Board of Trustees, City of Sierra Madre, Calif.

Gentlemen: In my capacity of Auditor of the Water Department of the City of Sierra Madre, California, I am responsible for the proper keeping of all the accounts and records of said department and for the payment into the City Treasury of all collections of said Department.

It has come to my knowledge on what I believe to be a good authority that Thomas Henderson, Superintendent of said Water Department, has sold property of such department and has failed to account for the same or turned the receipts from such sales over to the City.

Also that he has appropriated to his own personal use, Gasoline, Motor Oil, and Electric Batteries, purchased and paid for by the City.

Also that he has charged to the City various telephone messages which were personal and not concerning city business.

I therefore charge Thomas Henderson with not being a fit and proper person to hold the position of Superintendent of the Water Department of the City of Sierra Madre and request the Board to hold an investigation of these charges and also request that subpoena be issued for various persons and for the books and documents upon which I depend to prove such charges.

Very respectfully,

L. DIETZ

Auditor of the Water Department City of Sierra Madre, California  
In this connection I wish to report to the Board that since Mr. Henderson's return from his vacation, that on Monday, July 30, 1925, Mr. Henderson turned over to me in cash the sum of \$31.38, which he stated he had received from I. Goldberg, junk dealer, on June 6, 1925, and which he stated to me had been in an envelope in the City's safe in charge of the Street Superintendent ever since he received it.

He also at the same time turned over to me a check dated May 22, 1925, for \$15.00, signed by D. D. Kirk, which is stated on check was for 150 feet of old pipe at 10 cents per foot.

I have good reason to believe that since Mr. Henderson's return from his vacation he has learned that I have been investigating his conduct of the business of the water department.

Very Respectfully,

L. DIETZ

## Quake Quota of This City Set at \$1209

The Chamber of Commerce of Sierra Madre has been asked to accept the responsibility of raising the local quota of \$1209.00 for the immediate relief of Santa Barbara's sick, needy and homeless. This sum can only be raised by the combined and concentrated efforts of every organization in the community, according to Secretary W. C. Gruit of the Chamber of Commerce.

At a special meeting of the directors Wednesday evening it was decided to ask each organization in Sierra Madre to appoint a member of a joint committee which is to meet this (Friday) evening in the Chamber of Commerce office, for the purpose of formulating plans to raise the money.

This money is needed at once. The sick are being cared for in makeshift shelters and in the open, funds for feeding the hungry are al-

## Henderson In Reply To Dietz Charge

Mr. Henderson's letter to the city trustees in reply to the charges of City Clerk Dietz is as follows:

To the Honorable Board of Trustees, City of Sierra Madre, Calif. Gentlemen:

Certain charges have been preferred against me by L. Dietz, city clerk of Sierra Madre. I herewith respectfully submit to your honorable body a denial of these charges.

I specifically deny that in my capacity as superintendent of the water department of the city of Sierra Madre, that I have sold any property belonging to said city, and have failed to return the money received therefrom to the city of Sierra Madre.

I further specifically deny that I have ever appropriated for my own personal use any gasoline or motor oil purchased and paid for by the city of Sierra Madre.

I deny that I ever had any telephone messages which were personal and not concerning city business that I have failed to pay for. In this connection it seems to me that it is the duty of the city auditor or clerk, in the event any personal messages were sent by myself or family, to draw my attention to the same, and give me an opportunity to pay therefor.

I further specifically deny that I am not a fit or proper person to hold the position of superintendent of the water department of Sierra Madre. On the contrary, I desire to call to the attention of your honorable body that when I took charge of the water department of Sierra Madre the same was in a very bad and almost insolvent condition; that since my supervision of the same I have placed the water department of the city of Sierra Madre on an efficient basis, and the same is now showing a profit to the City of Sierra Madre.

I further respectfully call your attention to the postscript of the letter of L. Dietz to the effect that in my hurry to go on my vacation, I placed in the city safe money received from the sale of junk from I. Goldberg, amounting to the sum of \$31.38. Mr. Dietz not being present at the time of my departure, this was the only method I could pursue. Immediately upon my return, the said money was placed with Mr. Dietz.

I further desire to call your attention to the fact that the check for \$15 for the sale of old pipe was made by D. B. Kirk to the city of Sierra Madre. Under these circumstances, it would have been impossible for me to have converted this money to my own use, and that the same was turned over to Mr. Dietz.

I respectfully request your honorable board to make a thorough investigation of the charges made by the city clerk with the view that the differences between myself and Mr. Dietz, covering a period of several years, may be thoroughly determined; that the question of my fitness to act as superintendent of the water department of Sierra Madre be investigated from every angle that may meet with the approval of your honorable board.

Very truly yours,

T. HENDERSON

The state convention of the American legion will be held on Catalina Island Sept. 15 to 17. According to information received from the state headquarters, a record breaking crowd is expected as special low rates have been granted on all railroad and steamship lines.

most exhausted, the opening of the schools is near and temporary quarters must be provided to keep the children from the streets.

Time being short, the committee will ask the ministers of the local churches to make an appeal to their congregations from the pulpits next Sunday, urging the necessity of giving liberally when called upon.

Mr. Gruit is more than optimistic over the possibility of Sierra Madre raising its quota. Sierra Madre did not fail the Red Cross during the war, and no quota has ever been slighted here. Santa Barbara is in real distress and it is not to be thought of that Sierra Madre will fail her sister city.

## No Change in Plans for the San Gabriel Canyon Dam Say the County Supervisors

**Earlier Construction Work is Promised as the  
County Authorities Refuse to Combine  
With Colorado River Enterprise**

Earlier construction of Los Angeles county's huge \$25,000,000 dam in the San Gabriel canyon seems a probable result of the action of the board of county supervisors in refusing to modify the original plans or to attempt to combine the flood control project with storage facilities for water from the Colorado River or any other source.

This decision was announced following a conference between the supervisors, the flood control committee of the San Gabriel Valley Associated Chambers of Commerce, and William Mulholland, Los Angeles city water engineer.

Heretofore plans for construction of the great dam had been delayed somewhat because of a suggestion of the Los Angeles water and power commission that the dam be utilized for storage of city water as well as a flood control measure of the San Gabriel Valley.

### Double Use Not Feasible

Engineer Mulholland declared the attempt to store water behind the flood control dam would be "an engineering absurdity." The elevation of the proposed dam would make it impracticable on account of grades alone. Legal obstacles in the way of changing the site and plans were declared to make any other plan for combination of enterprises out of the question.

With the decision to abandon the combination plan, it is believed in Pasadena that the Pasadena project in the San Gabriel will be received with greater favor and that if water is brought from the Colorado river it will be stored back of the Pasadena dam before being distributed. The site on which Pasadena has filed is below that of the county project at the forks of the canyon.

From Alhambra also comes a proposal that all the communities of the San Gabriel Valley join in the erection of a storage dam below the flood control dam. City Manager Irvine and Water Engineer Downer issued a joint statement in which they say:

### Another Bond Proposal

"There is in existence a state enabling act which would permit communities such as those of the San Gabriel Valley to form a district for securing, storing and transmitting water, and advantage could appropriately be taken of this act by the communities of the valley at this time. With the problem of future needs facing us all more or less seriously, that proposition should not be a difficult one to meet.

"There is no question whatever but that ample possibilities exist in the

## City is Asked to Meet Cost of Sign Care

That the city pay the expense of maintaining the electric signs on the Foothill Boulevard and the lights along Baldwin and Sierra Madre Avenues between the boulevard and Live Oak Avenue was the request made by the Chamber of Commerce at the meeting of three board of trustees last week. After considerable discussion pro and con, City Attorney Baker rendered an opinion that the city trustees could legally pay for maintaining the signs by an advertising appropriation but that it would be illegal for the city to expend money for street lights outside the city limits.

Two petitions for extending the business zone were received. C. E. Askew asked to have the zone extended so that he could place a fireproof storage building and gasoline filling station at the southwest corner of Central and Lima. The petition was rejected by the board.

M. Rudolph also filed a petition asking that the business zone be enlarged at the corner of Auburn and Central so as to take in his property which is across the alley from the present zone limits. The petition was referred back to Mr. Rudolph with a request for specific information regarding the kind of business desired.

San Gabriel canyon for independent storage. No one community needs all the water that can be stored, and no one community needs to run short of water in any normal summer. At the same time, while the cost of such storage would be great, and perhaps prohibitive for any one community, outside of Los Angeles, it would be only nominal compared to the benefits accruing to the communities of the San Gabriel Valley if they jointly agreed to share the cost.

"An important thing to remember is that the supply from a joint storage reservoir built below the flood control dam could be made available in from four to five years, and could be serving the majority of the population of the valley.

"Mr. Mulholland has estimated it will take at least 12 years before Colorado River water can be furnished to Southern California. Some such reservoir would have to be constructed when that supply is made available. The proposed dam could be made an essential part of the big scheme and yet serve the purpose of insuring supply and protection years before the major project can go through.

## Auto Funds May be Used For Central

Many things seem to be moving toward realization of long-deferred hopes for the extension of Central Avenue for a through connection between Sierra Madre, Lamanda Park and Pasadena, according to J. N. Hawks, chairman of the Chamber of Commerce road committee.

Mr. Hawks hopes to get an allowance for the building of the road from the automobile road fund which will be apportioned by the county supervisors next year. If some assistance can be secured from this source the amount necessary to be raised by means of an assessment district will be considerably lowered.

The county's proportion of the automobile license tax this year is more than \$1,225,000. A considerable part of this amount was to be devoted to work on those portions of through highways lying within incorporated cities, according to Supervisor Cogswell of this district. Mr. Hawks hopes some influence can be brought to bear or showing made that will induce the supervisors to improvement of the road through the Hastings ranch.

It has been stated at previous hearings on this road enterprise that no funds were available for such a purpose. But the revenue from the higher gasoline tax and the increased allotment of state funds to Southern California counties has changed the situation somewhat and the supervisors are able to follow a different policy.

Among the roads within incorporated cities which will be improved by means of these county funds are Main Street in El Monte (Supervisor Cogswell's home town) and a road between El Monte and Baldwin Park, Holt Ave., in Pomona, Pomona Blvd., in Alhambra, Anaheim Road in Long Beach and Colorado St., in Pasadena.

The road committee is awaiting the return of E. A. Miller from a vacation trip, after which a meeting will be called and plans outlined. It is believed that many obstacles which have blocked the enterprise in the past have now been ironed out. While there is yet much to be done the actual opening of Central Avenue as a through boulevard is nearer to actuality than most people believe.

### THE QUEEN'S ENGLISH

Is she a wow? I'll tell the tongue-tied world she is. She's a rare Bimbo, a Flash, a Reckless Rib, she is—of course you gather I'm referring to the Hag, my New Baby. Boy, she's sure some sweet stick of peppermint! She calls me her Total Loss, but that is just her delicate way of saying I'm her Pappy, you know,—oh, man, she is a Blizzard! Yes, of course—my Fiancee.—The Philologist in Town Topics.

## PRIVATE SCHOOL PLAN NOT CLEAR TO COMMITTEE

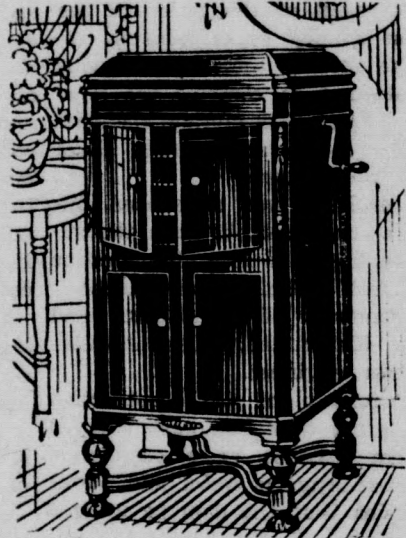

Plans for the establishing of a high class private school in Sierra Madre were discussed Monday evening at a conference attended by Mrs. J. N. Hawks, Elmer A. Green and N. W. Tarr, representing the Woman's club, Chamber of Commerce and city trustees, and by Mrs. Harriet Barry of Monrovia. Mrs. Barry represented the principals in the school enterprise but was unable to give the committee concrete facts and figures regarding their plans. Under the circumstances the committee was unable to express any opinion as to the soundness of the

proposition. The meeting was adjourned with the understanding that when Mrs. Barry's principals are ready to make definite proposals and show just what they desire the people of Sierra Madre to do, the matter will receive careful attention.

Mr. and Mrs. Hart of East Grand View Avenue are reported to have sold their home just east of the Santa Anita bridge to Mrs. D. Arvey who is planning a camp with 40 to 50 cabins. Guests with pulmonary disorders will have the benefit of treatment by a resident physician who will teach the principles of drugless healing to those who desire it. She expects to be ready for patients about the first of November.

## Weed is Pest Of Motorists And Animals

The puncture weed must go, according to City Marshal A. M. Udell. The marshal is simply repeating the ultimatum of the Los Angeles County horticultural department, a representative of which visited Sierra Madre and discovered several patches of the weed which causes so much trouble to motorists. The puncture weed is banned by county ordinance and as fast as they are discovered are ordered destroyed. There have been some found on the Pacific Electric right of way and along the road sides. The city has already removed the weed from the streets and notice has been given the railway company to destroy those on its property at once. Inspection is being made of all vacant property in the city in an effort to discover and eradicate the pest.

The puncture weed, which causes so much trouble to motorists where it grows in quantities, is of a creeping variety and has a star shaped seed pod. When ripe this pod breaks into quarters and each quarter has two thorns set in such a way as to allow one to stick up, no matter how the seed falls. It is claimed these thorns will work through a tire in very short time. They are also a menace to live stock. Seeds are borne prolifically and the weeds multiply rapidly when they get a good start.

According to the county horticultural authorities, the way to destroy puncture weeds is to pull them up by the roots and put them in sacks. They start from the joints as well as from seed. The weeds should be burned without removing them from the sacks. This method was used by city employees in their work.

## New Junior College Will Be Popular

It is expected Sierra Madre will be well represented among the 500 students to be enrolled at Pasadena junior college when the second year of the institution's academic existence begins in September. The estimate of 500 enrollment is made by John W. Harbeson, dean of the college.

"Three hundred students are already enrolled, and we expect no less than 200 more during August and September, up to the time the term opens," said Mr. Harbeson.

Announcement was also made that the office of the junior college, at Pasadena high school, will be open daily from now on, to receive registration of students.

"Those desiring to enroll for the fall term may call at the office any day between the hours of 8:30 a.m., and 4 p.m.," said Mr. Harbeson. "The office is in Room 113 of the main building. It is suggested that prospective students register as soon as possible, as we desire to know how many students to prepare for."

### New Courses Offered

New junior college courses have been added for this year. The training along vocational lines has been increased, Mr. Harbeson remarked; notably be the addition of a commercial course. This course will offer business college training with a background of academic study.

Courses in the fine arts, conducted by Miss Katherine McGorray, and in harmony, by Miss Lula Parmley, are also announced.

Another new course named by Mr. Harbeson is one in orientation. This is more than mere vocational guidance, the dean explained. Students take up various subjects calculated to help to place them fittingly in life, this study being supplemented by some specific vocational guidance work.

"We desire to have it known," said Dean Harbeson, "that Pasadena Junior College provides courses for both 'recommended' and 'non-recommended' students. By that is meant students with sufficient credits to enter any university or college, and students lacking enough credits but who have completed the high school work."

"Accredited students take work which enables them to earn the customary college credits, putting them into sophomore college work after one year and into the junior year of college work after two years. The other course, while not leading to degrees, enables students lacking sufficient credits for regular college work to make up those credits so they can enter any university, or, if they desire, take up regular college work here."

The Junior College is conducted at the plant of Pasadena high school. Sierra Madre being a part of this high school district, is able to send pupils through the first two years of college work without payment of tuition fees.

### Bethany Temple

Elwood P. Lyon, L.L.D., minister.  
9:45—Sunday School, Dr. F. H. Cram, Superintendent; Roy Edwards, Asst. Superintendent.

11:00 a.m.—Worship and sermon. Rev. W. Borthwick of Scotland will preach. Mr. and Mrs. E. G. Eaton of the Heart of India Mission, at Bangalore, will be with him and assist in the service.

6:30—Christian Endeavor. Sheeshu, the Hindu Christian girl from India, will speak on the Indian women.

7:30 to 8:00—Musical program conducted by Prof. J. B. Williams, who will sing solos at both services. Mrs. Eaton will give an address on their great work at Bangalore.

Rev. Borthwick sails with his family on Aug. 14. Mrs. Eaton expects to sail in Sept. Both parties are destined for Bangalore.

7:30 Wednesday—Prayer meeting in charge of Christian Endeavor society of the church.

### LEGION MEETS WEDNESDAY

Sierra Madre Legionaires are reminded of the regular meeting of the post to be held at the Park House on next Wednesday evening at 7:45. All are urged to be present. Members of the American Legion visiting in Sierra Madre are cordially invited to be present.

### A CORRECTION

Tickets for the Hollywood Bowl philharmonic concerts may be purchased at the Chamber of Commerce office at 25 cents each, the actual price to holders of the season ticket books, and not at 40 cents as was announced in last week's News. Secretary Gruit says he was incorrectly informed at first regarding the price and the purpose in offering the tickets was purely as an accommodation to people who did not care to buy the season books, and not to make money on them.

## What Other Editors Say

### LAW AND TRUTH

Hemet News: The world has ever seen the tragedy of error, but gradually we have been led up to the right. We used to burn alleged witches at the stake; in the name of religion cruel wars have been fought, but the ultimate truth was not discovered. Socrates and Galileo were tried, and 2,000 years ago One was tried who taught tolerance and love. We cannot find Truth by law. At the trial of the Nazarene Pontius Pilate asked, "What is Truth?" The question has never been answered. Scopes and Bryan and Darrow had their little day; Dayton had its crowds and its little day in court, but nothing is proved. "Still stands mine ancient sacrifice."

### WHAT WE HAVEN'T HAD

Santa Barbara Press: California has never had a great flood. California has never had a cyclone. California has never had a tornado. California has never had a sun-stroke on its coast.

California has never had a severe winter.

Records of death by violence of nature are lower in California than in any other state of the union.

In 200 years but 800 have been killed in California by earthquake and the fire that followed.

Galveston lost more than that in its flood 25 years ago.

St. Louis lost that many in its tornado about the same time.

Almost every year the middle west in a territory no larger than California loses that many from floods and tornadoes.

### THE PACE THAT HELPS

Henry Ford in Ford Times: This rapid pace at which the world is moving—is it hurtful or helpful? Do not too readily assume the former.

We have become the victims of catchwords on this subject. It is not the ongoing but the backpull that wears.

Our pace is set by human beings like ourselves. Those who keep step feel the pace to be natural.

Progress is geared to every man's gait. Being dragged along is where the strain comes in. Keeping step is keeping fit.

### GETTING WARM NOW

Puente Journal: All honor to Bernard M. Baruch; he gave a quarter-million dollars to Page School of International Relations to probe the question, "Are war profits a cause of war?" While Mr. Baruch has not, unfortunately, asked us for our opinion, we cannot help but opine that if there were no profits to be made out of war there would be no war.

### IN DEFENSE OF KNEES

Emporia Gazette: Dispatches tell us of the tribulations of some school girls in Visalia, Calif., who roll their stockings too low.

Of course there is no more reason why a girl should not roll her stockings low and cut her dress high than why she should not show her face. There is nothing in the knee, in a fleeting and transitory form, that is in and of itself, deeply and morally wrong. But the evanescent display of casual knees by young girls is probably a mild and pardonable form of vanity.

The old song declares that the old hen crossed the road because she crossed the road, sir. And further than that no one knows. It is profoundly mystic. And yet while it is true that no one knows why the old hen crosses the road, it is blessed easy to understand why the young chickens cross their legs!

"All is vanity," saith the preacher, "vanity and vexation of spirit."

### ANENT THE PAST AND FUTURE OF MANKIND

San Fernando Valley Press: Maybe we are slumbering a la Rip Van Winkle over an oncoming eruption and know not the danger that confronts the present and future generations relative to God, the Bible and man, but somehow or other we are not at all excited over this evolution upheaval.

Chewing the rag over what happened in the beginning of man appears to us as an awful waste of words and energy, which could be more profitably used in talking of the hereafter, the things which affect us, and leave this "monkey business" for the apes, gorillas and chimpanzees to chatter over.

### POLICE TAKE NOTICE

Upland News: A member of the Upland police force had an unusual experience last night while assisting a young couple to get their coupe parked at the band concert. The young lady's hair seemed slightly mussed up—that is, the young lady was very firm in the opinion that her hair had to be combed—and so she said to the officer, "Say, have you got a comb?"

Members of the force may have to include in their equipment a vanity case, an electric curling iron and other necessities, in order to render to the public first class service.

### OFF AGAIN, ON AGAIN, JUST LIKE FINNIGIN

San Fernando Press: We, an employer and overworked, despite our longing to take a vacation, even though a wee one, had just about made up our mind to work right along, as per usual, reasoning that

## BRIEF ITEMS OF INTEREST

Mr. and Mrs. Wilbur Jones left the first of the week for Big Bear Lake where they will spend a vacation of several weeks.

Roland A. Adams spent the week end at Long Beach visiting his family who are spending the summer there.

Lloyd Tarr is working at the Sierra Madre Electric Co., and is looking after the sales room while G. I. Farman is on his vacation.

Mrs. Amy Leggett left Sunday for Elmira and Saranac Lake, N. Y., where she will visit at her old home for the next two months.

Mrs. Marie Adelmeyer who has been in the Monrovia hospital for the past two weeks returned home on Saturday and is reported to be getting along nicely.

Mr. and Mrs. W. S. Hull and family moved Saturday into their newly completed residence at 540 West Montecito, a very attractive bungalow in a rapidly developing neighborhood.

Mr. and Mrs. Frank E. Cox left Monday for San Diego where they will visit several days. Mr. Cox is taking a two-weeks vacation from his work at the Sierra Madre Hardware Co.

Miss Mildred Zeller and brother, Linwood, went to Balboa Wednesday for a week's outing while Miss Zeller is taking a vacation from her duties in the News office.

Miss Harriet Hosmer of Washington, D.C., and Miss May Robb of Los Angeles were week end guests of Miss Marjorie Thomas.

### Famous Shoes Did Not Find Place in Museum

Officials of the British museum have rather a humdrum time of it and their duties consist chiefly of dry decorum and concrete facts. Once in a while, however, a little humor creeps in. A former superintendent of the reading room tells how one day a card, bearing a highly respectable name, was brought to him with the message that the owner had an important discovery to communicate. "You know, of course," said the visitor, "that Nebuchadnezzar, the king of the Jews, sold his wife for a pair of shoes."

"Yes," replied the official, "but I have never found absolute confirmation of the story." "Then you have it now," was the response. "There are the shoes!" And the speaker produced from his tall pocket a pair of worn and shabby shoes. Equal to the occasion, the official blandly replied: "Most interesting. But you have come to the wrong department, my dear sir. This is the reading room; what you want is antiquities. Go straight down the corridor, and tell the policeman at the end your business."

the business needed our close attention, when we opened a magazine and this paragraph stared us in the face:

"The average man's idea that he can't get away is a fallacy. He doesn't realize how well things would run without him, nor does he realize how much better they would run with him after his return, restored with energy and interest in his work."

And now, drat the man who said this thing, we've got to start all over again convincing ourselves that this noted rag of freedom, which keeps us moving 'round in monotonous circles, will go to hades if we should dare to sneak off for a few days. People just will not learn to keep their "bills of suggestion" out of other people's business.

**"60 MILES TO THE  
GOOD. HOW'S THAT?"**

You can get from 15 to 30 miles more to the tankful of "Red Crown" if you follow the practical instructions in the Red Crown Mileage Card. Here's one motorist who got more:

"I've been following my mileage with a Red Crown Mileage Card, and I'll say the Standard Oil Company knows how to make real mileage gasoline. I'm getting 280 miles on a 20-gallon tank against 220 miles just a month ago, so I'm 60 miles to the good. How's that?"

You, too, can get extra mileage from "Red Crown"—start "saving miles" today. Buy from any Red Crown pump in town.

## SIERRA MADRE NEWS

Published by  
THE SIERRA MADRE PRESS, Incorporated  
Telephone Black 42  
GEORGE B. MORGRIDGE, Managing Editor

Entered as second class matter at the post office at Sierra Madre, Calif., under the act of March 3, 1879

### Fire Losses Are cut Down By Campaign

Insurance companies, state insurance departments, city governments, and large private industries all cooperate to prevent destruction of property by fire.

As the largest corporations employ legal talent to prevent litigation, so the insurance companies employ experts in fire prevention campaigns.

Active fire prevention work was not taken up systematically in this country until about 1915. At first many property owners resisted having inspectors visit their homes, basements and office buildings to point out fire hazards and to suggest methods of reducing risks.

Their first idea was that, since insurance companies collected premiums on risks to pay losses, let the buildings burn and put new money into circulation to employ more labor. They overlooked the great factor that every dollar of fire loss had to be collected first from the public, and the more fires, the higher the insurance rates.

Cities that put on fire prevention campaigns cut fire losses that averaged from \$2 to \$11 per capita to about 90 cents per capita.

The fire loss in the United States last year was about \$548,000,000, and about 16,000 lives. There is still room for fire prevention. Where it is not undertaken voluntarily it should be made compulsory.

#### NOT SO LUCKY

The Thirty-second Division was having its reunion at Milwaukee when an ex-soldier approached the clerk at the Antlers Hotel and asked for a room.

"Have you a reservation?" asked the clerk.

The former buck turned to his buddy with an injured air.

"Hell!" he ejaculated. "He thinks I'm an Indian."

Lucile, who is five, does not like to say her prayers at night if she is sleepy.

"Did you say your little prayers last night?" her mother asked her one morning at breakfast.

"No," said the little girl. "because I was too sleepy last night, but Sunday night when you put me to bed before I was sleepy, I prayed seven prayers, enough to last me all week."

### Three Places At Annapolis Will be Open

Young men with an ambition to enter the United States naval academy at Annapolis will be interested in the following letter from Congressman Walter F. Lineberger to the editor of the News:

Long Beach, Cal., July 30, 1925

Mr. George B. Morgridge, Editor of the Sierra Madre News, Sierra Madre, Cal.

Dear Mr. Morgridge:—On October 24th, 1925, a preliminary examination will be held in Los Angeles for all young men of the 9th congressional district, who will be between 16 and 20 years of age on April 1, 1926, and who desire to compete for appointment to the United States Naval Academy. There will be three vacancies next June. The Navy Department will require the successful contestants to take the official examination in February, or furnish satisfactory certificates of education in order to qualify for the physical examination.

Any young man desiring to take this preliminary examination will be permitted to do so if he will write to me requesting a letter of authorization to present to the secretary before whom the examination is given in October.

I will appreciate it greatly if you will advise through your columns the young men in your vicinity of this opportunity.

Thanking you, and with kind regards, I am, Very truly yours,

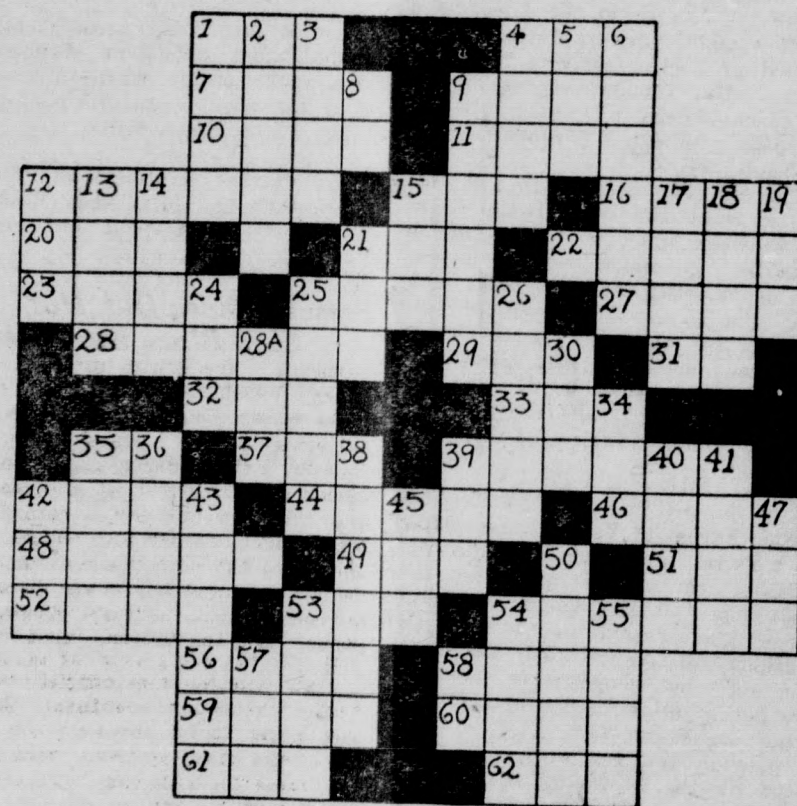

WALTER F. LINEBERGER

Mr. and Mrs. J. W. Krauter and family of Pasadena were in Sierra Madre Monday visiting friends. Mr. Krauter formerly owned the Sierra Madre Feed & Fuel Co.

## THE FEATHERHEADS

## Greater Film Season Is On At Wistaria

It looks as if Manager Wall had tried unusually hard to follow up the opening of the Greater Movie Season with another winning bill. Four big features are booked for the coming week, and many more to follow.

George Fawcett, one of the veteran actors who started his career way back in eighteen hundred—and something, weathered all the storms and hardships of a growing profession and who is today one of the most beloved men on either stage or screen, has the role of a rough and ready old sea dog in the new Victor Fleming production for Paramount, "Code of the Sea," which will be shown Saturday only. Rod LaRoque and Jaqueline Logan are featured players in this original screen story by Byron Morgan.

Can a girl love a poor young fellow while wealthy men are daily tempting her with the luxuries which money brings and which every girl longs for?

Well, it all depends on the girl, according to Bebe Daniels, who has just such a problem to face in "The Manicure Girl," in which she appears as the star. This fine comedy-

drama comes Sunday and Monday.

Pola Negri has a role of intense power in her latest Paramount star vehicle, "The Spanish Dancer," and which comes for Tuesday and Wednesday. The scenes of the production are laid in old Spain and as a whole the picture is rated as one of the best productions of the current season. Antonio Moreno is the leading man and heads a strong supporting cast.

A carload of blankets couldn't keep them warm, members of the Reginald Barker company declared upon returning from the top of the continental divide where they filmed "The White Desert." The picture was made in March and the frequent blizzards kept the weather below zero most of the time. The cast includes Claire Windsor, Pat O'Malley, and a long list of splendid support.

### YOUNG HOSTESS GIVES A DINNER

Miss Ruth Wheeling gave a delightful dinner party on Saturday evening for the members of her family and for her uncle and aunt, Mr. and Mrs. Frederick A. Shaffer of Globe, Arizona. Ruth, who is the 12-year old daughter of Mr. and Mrs. Albert M. Wheeling, prepared and served the five-course dinner, as well as making the favors, centerpiece and other decorations. Her color scheme was coral, blue and white.

### FRUIT EXPERT COMING HERE NEXT MONDAY

Fruit growers of Sierra Madre and vicinity are invited to call at the E. U. Maxgood place, 109 N. Lima, on Monday afternoon, August 10, at 2 o'clock, when Asst. County Farm Advisor Tesche will be present to discuss problems of interest.

It is difficult for the farm advisors' office to reach all the people who have problems and this means of performing a service will be tried out. The afternoon will be devoted particularly to deciduous fruits and vines with some possible reference to miscellaneous horticulture.

Mr. and Mrs. Cy Young and children returned last week from Nebraska and Mr. Young has resumed his work at the Wheeling & Hill hardware store.

Mr. and Mrs. M. D. Welsher left Monday for an extended tour of the north and east. They will go by way of Canada and the northern route to their old home at Lockport, N.Y., and visit a number of other places in New England.

Mr. and Mrs. Z. L. Parmelee and daughter, Mrs. Clyde Collison of South Pasadena, and Mr. and Mrs. W. E. Bower of Azusa left Tuesday morning for Seattle where they will take passage on a steamer for Alaska. They expect to be absent about a month. Mr. Parmelee is the owner of Marlborough Terrace Tract.

## His word is his bond!

A "personal guarantee" means very little to you, unless you know the man who makes it.

Ninety per cent of the things bought for your home are selected by the lady member of the firm. She is the purchasing agent. Most men admit that she is a capable buyer, and the reason is this: She must be shown — convinced by proof — that an article is what she needs and is worth the price!

For that reason, she sees the advantage of dealing with a local merchant — a man whose "personal guarantee of satisfaction" means just what it says.

She knows that what he advertises in this paper is entitled to her consideration. Because she has confidence in her neighbor—the local dealer—she can safely invest the family funds in what he guarantees.

## City Planners Meet Saturday At El Segundo

The eighth meeting of the Association of City Planners of Los Angeles County will be held at the City Hall, El Segundo, beginning at noon, on Saturday, Aug. 8, 1925.

Mrs. Helen K. Brock, president of El Segundo Womans' Club and secretary of the Chamber of Commerce, has taken a very keen interest in the association which goes to El Segundo at her personal invitation.

The program has been carefully prepared and includes Prof. Nathan F. Smith of Santa Monica, Mr. A. K. Warren, C. J. S. Williamson and others. Topics included are tree planting and preservation, definite data regarding the proposed metropolitan sewer district, something about Santa Barbara, and zoning as applied to county territory.

Lunch will be served at the El Segundo city hall to those who have made reservations.

Miss Marguerite DeTemple came home on Wednesday for a visit at the home of her parents, Mr. and Mrs. M. A. DeTemple, having completed her course of training as a nurse at the Clara Barton Hospital, Los Angeles.

### NOTICE INVITING SEALED PROPOSALS

Pursuant to the "Improvement Act of 1911" and all Acts supplementary thereto or amendatory thereof and to Resolution No. 252 of the Board of Trustees of the City of Sierra Madre, adopted on the 11th day of July, 1925, directing this Notice, the undersigned, City Clerk and Ex-Officio Clerk of the Board of Trustees of said City of Sierra Madre, hereby gives notice that he invites and will receive up to eight o'clock P. M. of Thursday, August 13th, 1925, at his office in the City Hall of said City of Sierra Madre, sealed proposals or bids for doing the following street work, to-wit:

That all that portion of **MIRA MONTE AVENUE** from the Westerly line of Baldwin Avenue to the Easterly line of Auburn Avenue be improved by certain grading and by the construction of certain two (2) inch oiled macadam pavement, cement curbs, concrete gutters, cement sidewalk, reinforced concrete culvert laterals with concrete intakes and that a portion of

**BALDWIN AVENUE** between a line drawn across said Baldwin Avenue 6.65 feet northerly from and parallel with the northerly line of Mira Monte Avenue prolonged easterly across said Baldwin Avenue and a line drawn across said Baldwin Avenue 9.17 feet southerly from and parallel with the southerly line of Mira Monte Avenue prolonged easterly across said Baldwin Avenue be improved by certain grading and by the construction of two (2) inch macadam pavement, cement curbs, cement sidewalk, and the extension of the existing concrete culvert, construction of reinforced concrete laterals and the construction of a reinforced concrete top on said extension of concrete culvert and said laterals, and that a portion of

**AUBURN AVENUE** between a line drawn across said Auburn Avenue 3 feet northerly from and parallel with the northerly line of Mira Monte Avenue prolonged westerly across said Auburn Avenue and a line drawn across said Auburn Avenue 3 feet southerly from and parallel with the prolongation westerly of the southerly line of Mira Monte Avenue prolonged westerly across said Auburn Avenue be improved by certain grading and by the construction of two (2) inch macadam pavement, cement curbs, concrete gutter and cement sidewalk, as shown on Special Improvement Plans hereinafter referred to, all as specified in Resolution of Intention No. 252 of said City of Sierra Madre, same being the Resolution of Intention for said work or improvement, and to which said Resolution of Intention No. 252 reference is hereby made for a further and more complete description of said work or improvement, and the assessment district and the Special Specifications of which, referred to in said description, are on file in the office of said City Clerk and also conspicuously posted near the Council Chamber door of said Board of Trustees and the description of said work or improvement and the assessment district in said Resolution of Intention No. 252 contained, is hereby expressly adopted and also made a part hereof, the same as though fully set forth herein.

Bidders must file with each proposal or bid, a check payable to said City of Sierra Madre, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions.

Dated at the office of the City Clerk of said City of Sierra Madre, July 13th, 1925.

L. DIETZ,  
City Clerk of the City of  
Sierra Madre.

## CAPT. OSGOOD URGES OPENING OF MONTECITO

Sierra Madre, July 31, 1923

Dear Mr. Morgridge:

The excellent reading of the Sierra Madre News just received prompts me to enclose an article which brings up a subject much in my mind of late. If you think it of importance and can have it in your next issue of the News, do so:

As is well known, when a water pipe is terminated in a street with no outlet further, the inside collection of dust or rust goes to this end. But in case it is a street that is closed, then autos from outside places whose occupants desire to become acquainted with our beautiful city will also come to an unseemly stop, if their visit should happen to be after dark. And so an exclamation of disgust is the result instead of one of pleasure. Such a street, and such a result, are caused by the blind ending of the easterly section of Montecito Ave., extending from Sunnyside Ave., towards Lima St.

From our home, which is west of Sunnyside on Montecito we often see these strangers go past and witness the return of disgusted visitors and can imagine what kind of language may be used.

If this avenue should be opened from Sunnyside to Lima, not only would it be to the great advantage of our city itself, but the cost to the owners of land in that neighborhood would certainly be made up by the increased values to offset the assessment made necessary by the improvement.

Montecito Ave., is the first street above Central on the west entrance to our city. It is natural that visiting autos whose occupants do not choose to follow Central and who do not know about our streets will take this, the first opening east.

This much needed improvement is sure to come in the future. Cannot it be made now, and so assist in the improvement of Sierra Madre?

JOSIAH A. OSGOOD

Mrs. Bella W. Cook and Miss Gertrude Cook returned Wednesday from Berkeley where Miss Cook attended the summer session of the state university. They had planned to start home last Saturday but Mrs. Cook suffered an alarming attack of acute indigestion which necessitated her removal to a hospital and a stay there of several days before she was able to travel.

## Income Tax Lists Will be Made Public

Tax lists containing the names of 300,000 Southern California income tax payers will be opened for public inspection on Sept. 1, 1925. Capital stock tax lists will also be available.

Collector of Internal Revenue Rex B. Goodcell was yesterday instructed by Commissioner Blair to open the lists for thirty days, beginning September 1, for public inspection at all times during working days. Following this period the lists will be open on Thursday, Friday and Saturday of each week between the hours of 9 a.m., and 12 noon.

A Deputy Collector will be in charge of the lists and supervise the public inspection. Under the instructions of Commissioner Blair the deputy assigned to supervise the inspection will see that no one monopolizes the lists to the exclusion of others, and gives him authority to withdraw the lists from any person at any time the conditions may warrant such action.

Collector Goodcell made it plain that only lists showing the amount of income tax paid by each taxpayer will be opened to inspection, but not the income tax returns.

Collector Goodcell announced that figures just available on income returns filed in 1924 show that in the city of Los Angeles, 200,997 personal returns were filed. This is 40 per cent of the returns filed in the entire state of California.

Of the returns filed in Los Angeles 179,693 were on net incomes under \$5,000, while 12,907 reported net income from \$5,000 to \$10,000, and 8,397 turned in net income of \$10,000 and over.

The average net personal income reported was \$3,316, and the average tax paid was \$78. For the entire state total income of \$2,026,305,918 was reported, of which \$87,929,907 was wages and salaries.

Mrs. V. Janet Fish, her daughter, Mrs. Zayda Leonard, and little Bobby, have returned from a six-weeks stay in Berkeley. Mrs. Leonard attended the summer session at the University of California and finished with an A-1 credit. Her work was retained for display at the national Home Economics convention which meets this week in San Francisco and Berkeley.

Jack Butler is taking a two-weeks vacation from his work in a Los Angeles clothing store.

Mrs. Jack Mitchell and son, little Tommy, returned last week from an extended visit with relatives in Wisconsin and Illinois.

Miss Eleanor Bayne who underwent an operation for appendicitis recently at the Monrovia hospital was able to return home on Sunday and is reported to be getting along nicely.

Margaret Stovall was seriously ill the first of the week with ptomaine poisoning, but is reported to be recovering nicely.

H. R. Coit has returned from an outing of two weeks at Big Bear Lake.

Mr. and Mrs. F. B. Butler and family have returned to Sierra Madre after an absence of a year in New York and Florida. They made the trip by auto.

Cashier W. H. Ingraham of the Sierra Madre Savings Bank expects to leave the latter part of the week for San Francisco to spend a two-weeks vacation.

Mr. and Mrs. John Shaw have purchased a new Chevrolet touring car.

Mrs. M. M. Bains and daughter, Miss Margaretta, left Saturday for Balboa where they will enjoy an outing of a month.

Miss Fennel Lorraine, who is a prominent piano teacher in Long Beach spent Monday and Tuesday here as the guest of Miss Laura Cadmus.

Mr. and Mrs. W. P. Caley went to Santa Monica Saturday for their annual beach outing, expecting to remain two months.

Mr. and Mrs. M. A. Baird of Sunnyside Avenue will spend the remainder of the month at their Catalina Island cottage.

Mr. and Mrs. H. E. Allen and family left Saturday for San Francisco where they will spend a week visiting friends.

Mr. and Mrs. Frank L. Lovell and family went to Santa Barbara on Thursday to visit relatives and see the results of the quake.

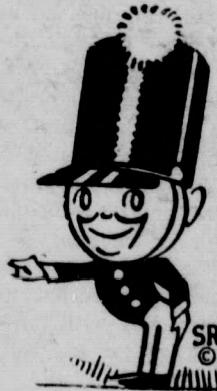

Mrs. William Miller and daughter, Mrs. Harry Bourne, left Saturday for Long Beach where they will stay a month.

Miss Sarah Schwartz is entered in the Lake Arrowhead swimming meet to be held on Saturday.

## PROPOSED COUNTY SANITATION DISTRICT NO. 7

**RESOLUTION OF INTENTION FOR THE CREATION OF A COUNTY SANITATION DISTRICT TO INCLUDE THE WHOLE OF THE INCORPORATED CITIES OF GLENDORA, AZUSA, COVINA, MONROVIA, SIERRA MADRE, ARCADIA, SAN MARINO, SOUTH PASADENA, ALHAMBRA, MONTEREY PARK, SAN GABRIEL, EL MONTE, A PART OF THE INCORPORATED CITY OF WEST COVINA AND A PORTION OF THE COUNTY OF LOS ANGELES.**

RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California:

**SECTION 1:** That the public interest, convenience and health, require, and that it is the intention of the Board of Supervisors of the County of Los Angeles, State of California, to create a sanitation district pursuant to the provisions of the "County Sanitation District Act," approved May 29, 1923, as amended.

**SECTION 2:** That said Sanitation District shall be known as County Sanitation District No. 7 of Los Angeles County, and shall consist of all that portion, of the County of Los Angeles, including the whole of the incorporated cities of Glendora, Azusa, Covina, Monrovia, Sierra Madre, Arcadia, San Marino, South Pasadena, Alhambra, Monterey Park, San Gabriel, El Monte, and a part of the incorporated city of West Covina, within the following described boundaries:

Beginning at the northwesterly corner of the City of Glendora, as the same existed on July 21, 1925; thence in a general southerly direction along the boundary of said city to the easterly prolongation of the east and west quarter section line of Section 36, Township 1 North, Range 10 West, S.B.M.; thence westerly along said prolongation and quarter section line to the westerly line of said section; thence southerly along said westerly line to the southwesterly line of said section; thence westerly along the southerly line of Section 35, said last mentioned township and range, as shown on Plat of the Rancho Azusa, recorded in Book 2, pages 106 and 107 of Patents, records of Los Angeles County, to the center line of that certain unnamed road lying easterly of and adjacent to Blocks E and F of Subdivision No. 1 of Azusa Land and Water Company, as shown on map recorded in Book 16, pages 17 and 18, Miscellaneous Records of said county; thence northerly along said center line to the easterly prolongation of the southerly line of Lot 7, said Block F; thence westerly in a direct line to the southwesterly corner of Lot 14, said Block F, said point being in the easterly boundary of the City of Azusa, as the same existed on the aforesaid date; thence northerly along the boundary of said last mentioned city and following the same in all its various courses to the southwesterly corner thereof; thence easterly along the southerly boundary of said last mentioned city to the northerly prolongation of the north and south quarter section line of Fractional Section 4, Township 1 South, Range 10 West, S.B.M.; thence southerly along quarter section line to the east and west quarter section line of Section 9, said last mentioned township and range; thence westerly along quarter section line to the center of Section 12, Township 1 South, Range 11 West, S.B.M.; thence southerly along the quarter section line of Sections 12 and 13, said last mentioned township and range, to the northerly line of the Pacific Electric Railway Company's right of way as shown on map of Tract No. 718, recorded in Book 17, page 17 of Maps, records of said county; thence southerly in a direct line to the intersection of the southerly line of El Monte Street, as shown on said last mentioned map with the westerly line of Harris Street, (formerly Francisco Avenue), as conveyed to the County of Los Angeles by deed recorded in Book 4831, page 168, Official Records of said county; thence southerly along said westerly line of Harris Street and its southerly prolongation to the southwesterly line of Francisco Avenue, as shown on map of said Tract No. 718; thence southeasterly along said southwesterly line to the northwesterly line of Frazier Street, (sometimes known as Frazier Avenue), as shown on said last mentioned map; thence southerly along said last mentioned southwesterly line to the southwesterly terminus thereof, being an angle point in the boundary of said last mentioned tract; thence southerly in a direct line to the most westerly corner of Lot 17, of O. T. Bassett's Subdivision of the Workman Tract as shown on map recorded in Book 59, pages 4 to 9 inclusive, of Miscellaneous Records of said county; thence in a general southwesterly direction along the northwesterly line of said last mentioned subdivision and following the same in all its various courses to the most westerly corner of Lot 31 of said last mentioned subdivision; said last mentioned point being in the northwesterly line of the S. P. R. R. Co.'s Right-of-way, (Yuma Division), as shown on said last mentioned map; thence northwesterly along said northeasterly right-of-way line to the southeasterly boundary of the City of El Monte, as the same existed on July 21, 1925; thence northeasterly along the boundary of said last mentioned city, and following the same in all its various courses to the center line of that second described unnamed road vacated by order of the Board of Supervisors of said county, and noted in Road Book 21, page 228 in the office of said Board; thence northerly along said last mentioned center line to the southerly line of Lower Azusa Road, as shown on map of Tract No. 4902, recorded in Book 96, pages 13 and 14 of Maps, records of said county; thence easterly along said last mentioned southerly line

to the southerly prolongation of the westerly line of Lot 22, Block F, said last mentioned tract; thence northerly in a direct line through the northwesterly corner of Lot 2, Block A, said last mentioned tract to the northerly line of Olive Street as shown on said last mentioned map; thence westerly along said last mentioned northerly line to the easterly line of El Monte Avenue, as shown on map of the W. H. Freer Tract, recorded in Book 3, page 23 of Maps, records of said county; thence northerly along said last mentioned easterly line and its northerly prolongation to the southerly boundary of the City of Arcadia, as the same existed July 21, 1925; thence easterly and northeasterly along the southerly and southeasterly line of said last mentioned boundary to the southerly boundary of the City of Monrovia, as the same existed said last mentioned date; thence easterly along said last mentioned boundary and following the same in all its various courses to the southerly line of Section 10, Township 1 North, Range 11 West, S.B.M.; thence westerly along section lines to the northeasterly boundary of the Santa Anita Rancho, as shown on map recorded in Book 1, pages 97 and 98 of Patents, records of said county; thence northwesterly along said last mentioned northeasterly line to Section 1 of San Pascual Rancho, as shown on map recorded in Book 1, pages 19 and 20, of Patents, records of said county; thence northwesterly along the boundary of said last mentioned Rancho, and following the same in all its various courses to Station 7 thereof; thence westerly in a direct line to the southwesterly corner of Lot 3 and Section 3, Township 1 North, Range 12 West, S.B.M.; thence northerly in a direct line to the northwesterly corner of said Lot 3; thence westerly along section lines to the north and south quarter section line of Section 32, Township 2 North, Range 12 West, S.B.M.; thence northerly along quarter section line to the center of said last mentioned section; thence westerly along quarter section lines to the center of Section 31, said last mentioned township and range; thence southerly along quarter section line to the southerly line of said last mentioned section; thence westerly along section lines to the easterly line of the Gould Tract No. 1, as shown on map recorded in Book 55, page 77, Miscellaneous Records of said county; thence northerly in a direct line to the northeasterly corner of Lot 1, said last mentioned tract; thence westerly in a direct line to the northwesterly corner of Lot 3, Fractional Section 36, Township 2 North, Range 13 West, S.B.M.; thence northerly in a direct line to the northeasterly corner of Lot 2 of said last mentioned section; thence westerly along quarter section lines to the westerly line of LaCanada Boulevard, (formerly known as School Street), being the northerly prolongation of the westerly line of LaCanada Boulevard, as shown on map of Tract No. 4175, recorded in Book 93, pages 39 and 40 of Maps, records of said county; thence southerly along said westerly line of LaCanada Boulevard to the northerly line of Michigan Avenue, as shown on map of Tract No. 7133, recorded in Book 90, pages 12 and 13 of Maps, records of said county; thence southerly in a direct line to the most northerly corner of Lot 11, Tract No. 2295, as shown on map recorded in Book 22, Page 72, of Maps, records of said county; thence southerly in a direct line to the southwesterly corner of Lot 14 of Subdivisions of Rancho La Canada, as shown on map recorded in Book 4, page 351, Miscellaneous Records of said county; said point being in the northeasterly line of Lot 37, Block 16 of Flintridge, Sheet 10, as shown on map recorded in Book 26, page 32 of Maps, records of said county; thence northwesterly along the boundary of said last mentioned lot and following the same in all its various courses to the most southerly corner thereof; thence in a general southeasterly direction along the southwesterly line of Lot 36, Block 16, of Flintridge, Sheet 9, as shown on map recorded in Book 26, page 31 of Maps, records of said county, to the most southerly corner of said last mentioned lot; thence easterly along the southerly line of Lot 35, Block 16 of Flintridge, Sheet 8, as shown on map recorded in Book 26, page 30 of Maps, records of said county, and following the same in all its various courses to the northwesterly boundary of the City of Pasadena, as the same existed on July 21, 1925; thence northeasterly along the boundary of said last mentioned city, and following the same in all its various courses to the easterly boundary of the City of South Pasadena, as the same existed on aforesaid date; thence northerly along the boundary of said last mentioned city and following the same in all its various courses to the westerly boundary of the City of Alhambra at Huntington Drive, as the same existed on aforesaid date; thence southerly along the boundary of said last mentioned city and following the same in all its various courses to the most southerly angle point in same, said angle point being in the westerly line of Tract No. 1329, as shown on map, recorded in Book 27, pages 43 and 44 of Maps, records of said county; thence southerly along said last mentioned southerly line to the northerly line of the southeast quarter of Section 28, Township 1 South, Range 12 West, S.B.M.; thence easterly along said last mentioned northerly line to the westerly boundary of the City of Monterey Park, as the same existed on December 21, 1923; thence easterly along the southerly boundary of said City of Monterey Park, and continuing along the various courses of same to the northerly line of the Rancho La Merced, as shown on map recorded in Book 13, page 24 of Patents, records of said county; thence easterly along said last mentioned northerly line to the easterly line of Lot 8 of Tract No. 3638, as shown on map recorded in Book 38, page 82 of Maps, records of said county; thence northerly along said last mentioned easterly line to

## Big Crop of Mosquitos is Pestilential

How is your mosquito crop?

If you say "Fine" you give the wrong answer and something ought to be done about it, according to Dr. Gilbert Bovard, city health officer, who does not look with favor upon the pesky insects.

In several neighborhoods in Sierra Madre the number of mosquitoes this season has upset the peace of mind of the neighborhood, who fear they may cause some kind of epidemic.

Complaints have been followed by investigations, which have shown the favorite breeding places of mosquitoes are cement pools, fountains and small reservoirs. Even cans or buckets under dripping faucets may serve the purpose. A very small pool of stagnant water may produce a

**BETTER FIRE RECORD**  
Up to July 20 a total of 708 fires have been reported in the national forests of California for this year. The corresponding figure for last year was 830 fires.

The big difference in number in the two years is in that of man-caused fires, 556 in 1924 and only 176 this year.

The worst of the season is yet to come so far as fire conditions are concerned as past records show that August and September are the most critical fire months.

The reduction in number of man-caused fires is partly due to education but probably more to strict surveillance over all main trails and camping places this year.

vast number of mosquitoes in a very short time.

Goldfish in a pool will feed upon mosquitoes and help to keep the pest down. Where possible the pool should be treated with oil which also prevents the pool becoming a mosquito breeding place.

## DR. WOEHLER OPENS DENTAL OFFICE HERE

Dr. John L. Woehler has opened an office for the practice of dentistry in newly outfitted quarters in the Sierra Madre hotel building. He has installed first class equipment and expects to devote his entire time to Sierra Madre practice.

Dr. Woehler is a graduate of Marquette University of Milwaukee and of the dental department of the University of Southern California. He comes highly recommended for his professional ability. He has been residing in Los Angeles but will come, with his wife, to make their home in Sierra Madre.

## SHEAR HUMOR

Interne (to flapper)—I think you have acute appendicitis.  
Flapper—Oh, doctor, aren't you the flatterer.

Lady (visiting insane asylum)—wonder if that clock is right.  
Inmate—Of course not. It would not be here if it was.

Office Boy (to stenog)—What are you doing?  
Stenographer—Me? Oh, I'm just practicing my laugh for the boss's golf story.

Mandy—Ise decided to leave mah husband.  
Hanna—How come? Is you beginnin' to economize?

I want a hair net, please.  
What strength, Miss?  
Oh, three motor rides, two dances and a picnic.

Forward—Don't you think that violinists' obligato is beautiful?  
March—I can't say yet. Wait till she turns around.

Voice from next room—George, are you teaching that parrot to swear?

George—No, mother, I'm only telling him what not to say.

## PROPOSED COUNTY SANITATION DISTRICT NO. 7

(Continued from Page 7)

line of Francisquito Avenue, as shown on said last mentioned map; thence southeasterly along said last mentioned southwesterly line to the south westerly prolongation of the northwesterly line of Lot 31 of said El Monte Walnut Place; thence northeasterly along said last mentioned prolongation and the northwesterly lines of Lots 31, 37, 43, 49 of said El Monte Walnut Place, to the southwesterly line of Merced Avenue, as shown on said last mentioned map; thence
